# Load-bearing Integrated Functional Technology (LIFT) for Optimal Weight Distribution

Enhances operational behavior by managing weight distribution between shoulders and waist

- The ABC of LIFT — Anchor, Backbone, and Core Duty-Belt — form the foundation of a unique load-bearing system that redistributes weight from the operator's shoulders to the waist
- Enables the operator to comfortably wear a vest and carry a backpack or other accessories (e.g., pouches) without added burden
- Modular and ergonomic design supports endurance, mobility, and mission adaptability

- Benefits of LIFT include:
  - ✓ Reduced fatigue through optimized weight distribution
  - ✓ Unrestricted arm and hand mobility, enhancing operability, lethality, and survivability
  - ✓ Quick-release anchor system enables fast detachment of connected gear for seamless mission transitions
  - ✓ Modular configuration allows the user to tailor the setup to specific mission requirements

# Ballistic Load Carriage Vest For Land & Maritime Operations

Built to protect & save in battle and water

- Tactical vest based on Marom Dolphin ergonomics, ballistics and weight distribution principals
- No interference with vest functionality and mobility
- Floatation system activated manually or automatically
- Removable CO2 activated chamber of 275 (310) N fitted under protection layers and not affected by combat environment
- Once the chamber is inflated, the vest 'senses' activation and expands to allow the chamber development

MAROM DOLPHIN

# FLAGSHIP PROJECTS

# Marom Dolphin Flagship Projects

# #1 Provider of Tactical Gear to all IDF Units

## Ongoing Contract For The Supply Of Complete Load Bearing Sets for the IDF

- Adheres to the new IDF requirements of one-solution-for-all
- Hundreds of thousands of systems in operational use
- Based on Marom Dolphin's patented load bearing & connectivity ecosystems

### Project Highlights:

- Basic set includes plate carrier, combat belt, rucksack and a set of mandatory pouches
- Additional set of pouches for every unique role
- Product training support and end user customer service provided by Marom Dolphin

# Ballistics for Israel Police & Israel Prison Service (IPS)

## Ballistic Armor with K1 Level Stab Protection, and Neck Protection Sets

- **Multi-year contracts** for the Israel Police, IPS Israel Border Police, and other Homeland Security special forces
- **Tens of thousands** of full combat sets with ballistic and stab-resistant systems in active service
- **Over 10,000 ballistic neck protection sets** provided to Israel Police for deployment in high-risk areas during periods of heightened tension
- **Soft ballistic panels for female operators** tailored to align with varying chest sizes, providing optimal protection without compromising on comfort or mobility

# SMART VEST

## Soldier Centered Integrated Solution For The Dutch Army

- **45,000 systems in operational use by Dutch Army**, order for 15,000 additional units in final stages of delivery
- **Based on Marom Dolphin's patented load bearing & connectivity ecosystems**
- **Suitable for any scenario & mission**, covers all NATO army requirements
- **Won as part of an integrated C4I & LCP project** with Elbit Systems as prime contractor
- **Close collaboration with army's project management** team in specifications, design, validation & verification
- **Designed to support** any mission duration, weather condition, and protection level
- **Answers multiple and complex challenges including:** user sizes, user roles, physical tasks, fighting scenarios
- **Includes 200 individual components:** protection add-ons, pouches, and rucksacks
- **Swift, smooth transitions and rapid transformation** between operational states
- **Offers limitless configurations** and available as a complete system or as separate products
- **Easily modified** to any future requirements

# Ballistics for German RLP Police Force

## Integrated Armor & K1 Level Stab Protection

- **One soft ballistic panel with three-piece set:** tactical vest, undercoat vest, & undercover t-shirt
- **Three-year contract for 3,500 of sets,** ongoing delivery according to recruitment cycles
- **Proprietary soft-ballistic material according** to strict European standards
- **Unique sizing method for maximum accuracy in** ergonomic fit and ballistic protection
- **36 (!) available sizes** (18 male, 18 female)

# Marom Dolphin outfits the Philippine Marine Corps (PMC)

## Contract Included Thousands of Vests, Helmets and a Wide Range of Accessories

- Marom Dolphin wins tender to supply the Philippine Marine Corps (PMC) with:
  - ✓ 9,000+ helmets
  - ✓ 7,500 armed vests (including hard plates and soft ballistic panels)
  - ✓ Thousands of additional accessories
- Ballistic testing performed by an independent U.S. laboratory, with the client present during the process
- Delivery and on-site training successfully conducted by Marom Dolphin to the client's full satisfaction
- All equipment has been in active operational use since 2022

# Ballistic plates for Fuerzas Armadas de México (Mexican Armed Forces)

## Tens of Thousands of Ballistic Plates Supplied Through F.A.V.A

- Marom Dolphin awarded a tender by F.A.V.A, the logistics and manufacturing arm of the Mexican Army under SEDENA (Secretaría de la Defensa Nacional)
- Tender covered the supply of high-spec ballistic plates
- 90,000+ plates manufactured and delivered as part of a complex logistical operation
- Materials sourced under extremely tight time constraints
- Ballistic testing conducted twice by the client:
  - ✓ During the tender evaluation stage
  - ✓ Again during the delivery phase as part of quality assurance in the supply chain

# G2G contract with Guatemala

## Marom Dolphin Selected to Subcontract G2G Defense Deal Between Guatemala and Israel Ministries of Defense

- **Guatemala's MOD identified Marom Dolphin as its preferred partner in Israel for the contract, initiating the G2G request through SIBAT, IMOD**
- **The tender includes 30,000+ items, including:**
  - ✓ Ballistic vests
  - ✓ Combat helmets
  - ✓ Tactical backpacks
  - ✓ Additional field and rescue accessories

THANK YOU
