### Performance Center® M&P®9 M2.0® COMPETITOR® HD

Elevate your competitive edge with the M&P® 2.0 Competitor HD - a precision-engineered pistol designed for dominant performance. The spiral-fluted barrel, slide lightening cuts, and robust frame dramatically reduce felt recoil for superior split times, while the external magwell and extended release ensure flawless, high-speed reloads. HIVIZ® tritium sights and C.O.R.E.™ optics compatibility deliver unwavering accuracy on every stage.
